The Newsletter of Plumtree CC

Our 6<sup>th</sup> year of monthly news, with improvements all the time - 'you lucky people' (do you remember Tommy Trinder, music hall funny man & Fulham FC nut? Oh you do, do you, then you are as old as me. In fact, I once saw a performance of his at ... no you really don't want to know do you). Anyway Cricket is well under way now with results posted not only here, but also on our brand new web site. Many thanks to Ian Smith for the work that he has put in, I think you will all agree that this has moved Plumtree CC communications on again. If you couldn't make it to the Pre-season get together, sorry, but you missed a very good do, with an excellent range of curries on offer; and off we go, with, as you can see, a very tough start to the season. I am sure everyone is working flat out to improve the results and we wish them well with their endeavours.

If you have been to the ground already, you will have seen the great shape that it is in. From everyone else, congratulations, to all who have worked very hard during the off-season, to achieve this result. It really is magnificent.

The Fixture Book has arrived & is enclosed this month, hurrah; our thanks to KGB for all his labours in this direction. Thanks are given to all the VP's who give so generously to support our Cricket Club, (nudge nudge), no seriously we much appreciate all the help given over time by all the VPs. To run a club like ours today, is not possible unless all sections play their part.

I've highlighted the Golf Day. This is getting close now & Viv needs to know who is taking part, please contact Viv on the numbers that he gave originally - lost them? Here they are again
