

Newsletter ☑ March 2010

Welcome to the latest update of news and information from CF Sports.

Firstly, a final reminder about orders; the new cricket season is only 3-4 weeks away (in some cases perhaps less) and we are already busy with clothing orders. Our lead times are now approaching 3 weeks ☑ the web site will soon reflect this. So, if you haven't yet dug your cricket bag out of the attic to see if the shirt and trousers still fit, please do so without delay.

We have now received stocks of the new Nike and Asics cricket footwear. All are available from our showroom in Mansfield Woodhouse and on-line. Invest in quality and be properly shod.

New clefts of wood have just arrived and it looks like a good batch. Why not treat yourself to a new blade for the new season. The bigger profile of this season's bats is proving to be a big hit and sales are strong. Charlie will make you a bespoke bat exactly how you want it ☑ light or heavy, long handle or super short handle, or even a long blade. Ring Charlie on 01623 654242 to discuss.

You will by now be aware of the Bruce French wicket keeping master class organised for Easter weekend, 3rd and 4th April. This is the opportunity of a lifetime to be coached by the current England wicket keeping consultant. And there is still time to get involved ☑ we have a few spaces available. Full details can be found on our website, www.cfsports.co.uk, or you can ring the office on 01623 654242 to secure your place.

Best wishes
